

Roberto Gomez

Roberto Gomez owns Even Scale, a home remodeling business in the West End of Alexandria City, and is a youth advocate and a regular presence in underserved communities.

Gomez recently launched Cornerstone Craftsman, a nonprofit born out of his passion for service and to address a growing need due to increased juvenile crime rates, gang activity, substance abuse, and school absenteeism in the region.

Cornerstone Craftsman trains and mentors young men and women (ages 12-17) in the skilled trades in Alexandria City. He also serves on the Alexandria City Gang Task Force, the Sheriff's Community Advisory Board, the Alexandria Community Safety Forum, the Alexandria Police Foundation, the ACPS CTE Advisory Committee, and the Harbor Freight Leadership Lab. In May 2024, Roberto was named as an Alexandria Chamber of Commerce (Chamber ALX) 40 Under 40 honoree.
